

Asha Zurich monthly meeting

Date: March 13th 2008

Venue: ETH Zentrum

Attended by: Indranil, Shyam, Srinjoy, Priyank, Shantanu, Rakhi, Anurag

The name of the upcoming disco party on 26th April was decided to be **Dhoom2**. We need to get the flyers ready as soon as possible. We might use last year's one, but every one suggested that something a bit more glamorous would be better. Advertisement boards should be booked at all university campus. Is there some one at Hongerberg who can do that? Shyam and Greg are taking care of the booking of the venue.

We will try to stick to monthly meetings on every 1st Tuesday of the month. Next meeting is on 1st April.

We need at least one site-visit report to start discussing about the Mukti book bank project. Without that we cannot even load it to the datastore for other chapters to look at. In any case, we can spend at most CHF2000 for an extra project. It was decided that we will also look into other pre-approved 2k\$ projects already in data store. Kirti or Vishwa, please send Srinjoy a list of projects to discuss in the next meeting

We discussed about the Dhule report sent by Ashwini. There were no comparison between the proposed budget and the actual amount spent. We need to understand whether the entire amount from last instalment was spent. Ashwini, please send us a comparison between the two and also the projected budget. Every one was satisfied with the progress and the money can be sent as soon we go through the reports from Ashwini.

The bank in Kolkata is not transferring the latest instalment to Ma/Janani account for some unknown reason. UBS cannot do anything from here as the amount has already been deducted from Asha. Some one in Kolkata has to look into the matter. We might need to contact Kisholay for that. Shyam will send the remittance order from previous transactions to the concerned people in India.

Baiju, any news from Akshardeep?

We have to decide on the new committee soon.
