

Asha Zurich monthly meeting  
Date: 14<sup>th</sup> May 2008  
Venue: ETH Zentrum

Attended by: Deepa, Sujit, Agomoni, Indranil, kirti, Ishan, Priyanka Chahar, Ashwini, Pramod, Chidu, Shyam, Mahua (on skype).

All members filing nominations for next years committee please make sure that some one seconds your nomination. Send all mails to Indranil.

Deepa is taking up the project coordination of Akshwardeep, she will talk to Baiju.  
Ashwini is ready to continue as the coordinator for Dhule even though she might be leaving Zurich this December.

Agomoni will bring Ma update in GBM for approval of 2<sup>nd</sup> instalment.

We discussed about the possibility of organizing cultural programs at the Riedberg museum. They might rent the hall to Asha for a reduced price and will also take care of the ticket sale. The museum can contact large number of Swiss people who might be interested in Indian cultural events. Chidu and agomoni will find a core group of people interested in performing. Initially we won't consider this as an event for profit.

Kirti described the problem with the food inspector at the Weltmarkt, we might need to book a geminde kitchen for cooking. She will look for geminde kitchens around Oerlikon and Chidu talk to the one at Bucheg platz. Natalie has to translate the rule set for weltmarkt stalls. Agomoni will organise the presentation of food items for future stalls. We will probably go for a bigger stall for the next event. Natalie please check from the rules whether this is possible.

Ashwini presented the Dhule project update. Shyam will transfer the next instalment as soon as possible. Ashwini suggested that we keep a template for the financial aspect of the projects that all project coordinators can fill up. This will also help other members to easily browse through the financial details before approving new instalments/budgets. Pramod started keeping a google spread sheet. We will all look into that.
